

# AquaSmart Clip-On Zen

Smart protection against water leaks

Detect leaks before it's too late. The Clip-On Zen installs in just a few seconds, protects your home 24/7 and, thanks to AI-powered monitoring, helps you control your water usage and save money.

## 7 Key Benefits

**Quick installation** → clips onto any pipe, no tools required.

**Real-time monitoring** → instant alerts in case of anomalies.

**AI-driven savings** → advanced algorithms reduce waste and cut your bills.

**Consumption control** → track and understand your water usage in detail.

**Smart app** → manage everything directly from your smartphone.

**System integration** → Open API interface with GTA, GTB, BIM software.

**Insurance-approved** → recommended by our partners to reduce water-related claims.
